ANNUAL REPORT

Training Community Leaders
the Junior League of Raleigh

From the President

PAT WILKINS 2012-2013 JLR President

make our growing community a great place to live and work. I am proud to say our membership of 1800 volunteers is ranked ninth largest among 294 Junior Leagues internationally. As they say, to whom much is given, much is expected. Our effectiveness is based on training volunteers and service to our community. Our program partners are primarily focused on social services and education, with an emphasis on promising youth and supporting families and children.

As community leaders, our trained members are involved in problem solving critical social issues such as bullying, homelessness, hunger, mental health and child abuse. Our members provide mentoring and education programs through teams at Heritage Park Community Learning

Center, the Brentwood Boys & Girls Club and Aventura Children's Mentoring. In parallel, we provide support for interactive programs such as Backpack Buddies, Helping Horse and Kids on the Block.

Each year, the Junior League of Raleigh offers a broad range of opportunities for members. 2012-2013 was no different; our members accomplished many tasks from managing projects, recruiting new members and leading fundraisers to creating online and hard-copy publications and providing training not only to our members but to leaders at other non-profits. Members honed and developed new skills which can be used in every facet of their lives in their career, their home and their community.

As immediate past president, I bring to you the 2012-2013 Annual Report and highlights from June 1, 2012 - May 31, 2013.

As members of the Junior League of Raleigh, we realize our success not so much in audit numbers but rather in the rich tradition of providing **Trained Community Leaders** to support Wake County children and families, and helping to

We are...

An organization of more than 1800 women committed to promoting voluntarism, developing the potential of women and improving the community through the effective action and leadership of trained volunteers.

Since 1930 the Junior League of Raleigh has given more than \$5 million to education and health services for women and children in Raleigh. We have given more than one million volunteer hours in service to our community.

Since 2000, the target area of the Junior League of Raleigh has been promising youth. Our members positively impact the lives of children in our community through strategic partnerships and collaborations with other community agencies, volunteer placements and community grants we give annually.

The Junior League of Raleigh's financial statements are audited annually. The condensed financial statements presented above are derived from the 2012-2013 audited financial statements prepared by the firm of Boyce, Furr & Company, LLP. A complete copy of such financial statements and auditor's report may be obtained at League headquarters located at 711 Hillsborough Street in Raleigh or by calling 919-787-7480. In addition, ongoing planning and monitoring of Junior League of Raleigh's income and expenditures are conducted by several in-League volunteer entities. The League's Finance Committee is responsible for advising the Board of Directors and leadership councils on financial matters, assisting in the preparation of the annual budget, examining budgets of proposed projects, reviewing the League's investment portfolio, and reviewing and approving the various reserved funds. Finance Committee members are also designated as liaisons to each Junior League of Raleigh committee. As liaisons, these Finance volunteers serve as information resources on financial matters, assisting committee Chairs in understanding their current year budgets and developing a budget for the next fiscal year. These efforts help assure sound financial management and adherence to the Junior League of Raleigh's fiscal and community service strategies.
